

# Boccia

Boccia is a precision ball sport, similar to bocce, and related to bowls and pétanque. The sport is contested at local, national and international levels, by athletes with severe physical disabilities. Boccia is governed by the Boccia International Sports Federation (BISFed) and is one of only two Paralympic sports (along with goalball) that have no counterpart in the Olympic program.

Sport Coaching Group aspires to provide the opportunity for all children to access sport as well as providing an inclusive environment in which to operate. Our experienced and highly trained coaches exhibit an engaging environment where children are able to strive for excellence whilst also being equipped with the appropriate skills to participate in sport for life.
